SELECTMEN'S REPORT

March 10th will soon be here and once more we submit a brief report to the citizens of Danbury.

Many hours of thought and study go into the various projects and appropriations we offer for your consideration in the warrant. Some are requested - others result from what we feel might benefit the town.

This year we had an opportunity to lease a back-hoe and loader, with the provision that the rent already paid on it would be applied on the purchase price should the voters decide to buy it.

We would like to continue the project of bridge maintenance started several years ago. This year we have planned to repair the Roy Ford bridge with this appropriation. Any balance left would be applied to repairs on other bridges.

After our neighboring town of Hill lost their Town Hall in a disastrous fire, we felt that we had too little insurance on ours. Accordingly we doubled the amount of insurance on our hall.

The overdraft in the highway department was caused largely by last winter's heavy storms which necessitated our hiring outside equipment to help clear the roads.

We are once more reminding you that our school appropriation takes the largest part of our tax dollar. As concerned citizens, all of us should make every effort to attend the Area School Meeting on March 18th.

The article on the Visiting Nurse Association was requested by the citizens from Danbury who have worked on the committee drawing up plans for it. It is our feeling that Danbury residents would benefit greatly from this and that it should be adopted and money appropriated for it.

Due to the fact that **land** values have risen sharply in town, our equalized valuation had dropped. At the suggestion of the State Tax Commission all **land** in town (not buildings) was reappraised to bring our equalized valuation in line with what it should be. Actual result of this was a drop in the **tax rate** of $7.00 per thousand.

We are pleased with the cooperation of most people in observing the Dump Regulations. We ask your continued care and cooperation. We are happy to tell you that we have obtained the services of Richard Gness in supervising the dump this year.

Your attention is again called to the importance of returning your COMPLETED INVENTORY to the office of Selectmen. Your failure in regards to sale transactions, additions and improvements may eliminate consideration of your tax assessment and may possibly invoke the application of the article of doomage, fully explained under the law governing return of your completed inventory, printed on the last page of all inventories.

In closing we would like to call your attention to the fact that Danbury, like most other small towns has a great need for **capable, concerned** citizens, who are willing to file for office.

Criticism of office holders is very easy; being willing to be on the receiving end of that criticism is quite another matter. We welcome your comments and constructive suggestions. Your Selectmen meet every Tuesday at 7:00 P. M., at the Town Hall.

DONALD J. COOK

OLD HOME DAY

Old Home Day Services were held last year at the United Church. There was a good attendance at the morning service and many stayed for a basket lunch on the church lawn.

This year services will be held at the South Danbury Church on August 23. We solicit the help of everyone to make this the very best Old Home Day we have ever had. Anyone may become a member of the Association by paying annual dues of twenty-five cents. Anyone who is interested should contact the Secretary, Mrs. Frank Walker, Danbury, N. H.

We wish to thank the following friends for their gifts to the Library:

Mr. & Mrs. Ray Moran
Mr. & Mrs. Irving Thomas
Mrs. Flossie Bean
Mr. & Mrs. Gifford Wiggin
Mr. & Mrs. Arnold Gross
Mrs. Phyllis Taylor
Mr. & Mrs. Rudolf Michels
Mrs. Wilmer Brownell

Again this year we received a gift of long-playing records from RCA for circulation to our patrons.

A reminder to everyone that the librarian can fill special requests for books by sending to the State Library for them. This is especially helpful to students.

We were sorry to have Mrs. Barbara Ford terminate her services as our librarian early in the summer. However, we were fortunate to obtain Mrs. June Brown to take the position.

We received a notice from the State Cooperative that due to a shortage of state funds we would no longer be able to order books through them. We, therefore, received a refund of the monies we had on deposit. This, together with the extra interest we received from the S. J. Ford bequest gave us some funds to carry over to 1970, which will help defray expenses until the Town appropriation is received. It is anticipated that we will in the future have to replace the present heater and there are a few minor repairs to be made on the building so we are again asking for an appropriation of $350.00.

Respectfully submitted

FOREST FIRE WARDEN'S REPORT

All we have to report again this year are a few helpful hints on trash burning and out door fires, as we had no bad forest fires during the year.

TRASH BURNING:

An incinerator permit is required for burning refuse which cannot be hauled to the dump. These permits must be renewed annually and are obtained from the Fire Warden. The following specifications are suggested for household incinerators: A steel drum of a size suitable to handle the volume of trash being burned, placed on an area of bare sandy soil approximately 25 feet from any buildings or woodland and brush and covered with ¼" metal screen or hardware cloth is recommended. The holes in the bottom should not be large enough to allow coals to escape and dead ashes should be removed frequently.

BURNING WITH OPEN FIRES:

During the snow-free period of the year you are required to obtain a permit before any open fire can be kindled.

No open fires will be permitted between 9:00 A. M. and 5:00 P. M., with the exception of commercial burning where adequate fire protection is available.

There is always danger when loose material is added to a going fire or during periods of strong winds.

Let's all strive to maintain our excellent record and keep Danbury forests green.

HIGHWAY SAFETY COMMITTEE

The Highway Safety Committee was formed in 1968 to help make suggestions to the Police Department and the Selectmen on how to improve police protection and highway safety in the Town of Danbury. It consists of a group of citizens chosen for the committee and in conjunction with a state wide drive to help to improve highway safety.

This year the committee has suggested that the Town purchase a police cruiser in order that the police chief may be more effective in his work. Also the job is being more demanding and the expense of supplying a vehicle is too great.

The following report was included in the request for credit by the State for their share of the cost of the cruiser:

The Town of Danbury has an estimated population of 500 and is located in the central part of New Hampshire. It is located on State Routes 4 and 104 with traffic counts of 800 to 1,000 respectively. A major ski area and snowmobile gathering place creates an increased need for traffic control activity. Growing needs exist in the summer months due to increased tourism and the location of the town between two major lake resort areas.

The present part-time police force plans for increased patrol and enforcement activity in the coming year. A thorough study of the town's needs by the local Highway Safety Committee determined top priority was for the purchase of a town owned police cruiser properly designed for such use and properly marked. The existence and use of such a cruiser is considered to be an effective deterrent to speeding and other traffic infractions. The committee also feels that the use of private cars by the officers provides inadequate coverage.

A radio purchased this year under the community, State radio project will be installed in the cruiser linking it to State as well as adjacent community police departments.

The N. H. program submission recognizes the major weakness in the patrol traffic safety to be the inadequacy of modern enforcement equipment.

Approval of this project will be one more step forward by a local community to overcome the recognized overall weakness.

On the basis of this report and the many other advantages to the town that the Safety Committee strongly urges the voters to act in favor of Article No. 8 in the warrant.
